An aerial photograph of Put-in-Bay, Ohio, showing a harbor filled with numerous boats, a lighthouse on a peninsula, and surrounding greenery. The water is a deep blue, and the sky is a pale blue with some light clouds. The lighthouse is a tall, white, cylindrical structure with a dark top. The harbor is a large, irregularly shaped body of water with many small boats and larger structures along the shore. The surrounding land is covered in dense green trees and some buildings.

Put In Bay

There is no doubt that Put-in-Bay Ohio is one of the most unique places you will ever visit. Our tiny two by four mile island is dotted with historic homes, the nation's third tallest monument, quaint restaurants, Heineman Winery and local pubs. Beautiful water surrounds Put in Bay where you will find the best walleye and perch fishing in the United States.

What could be better than a relaxing cruise up the Maumee river enjoying a wonderful night.

When you think of the great outdoors, especially fishing, you might think of the Maumee River.

The most notable events on Maumee River is the annual “Walleye Run”. Once the ice melts, the fish start their journey. Hundreds of thousands of fish travel the Maumee River at this time.

The waters of Lake Erie are known as one of the best fishing locations in the United States.

Sport fishermen know that Lake Erie fishing is about as good as it gets. There is an opportunity to be challenged by many species of fish, most notably the walleye, which is known for the fight it can put up. The lake also offers many other freshwater fish, including steelhead trout and large and smallmouth bass. The best fishing takes place in July and August, when the lake is normally calm.
